Dynamics, sportiness and elegance: The 6 series Convertible by AC Schnitzer

The new edition of the two model variants of the 6 series coupe and 6 series convertible, produced in over 75,500* (*source: BMW Press) units with worldwide success, has been launched. For the 6 series by AC Schnitzer our engineers, designers and technicians have worked out an extensive program which leaves nothing to be desired. Please find below all parts which are available at your BMW partner:

The AC Schnitzer program for the BMW 6 series Convertible at a glance:
